The Highway Authority has reviewed the submitted application which seeks the variation of condition 1 of planning permission E/11/0038/FUL to allow the operation of the business on Sundays between 10:00 and 16:00 hours, limited to hand vehicle washing.

The application relates solely to a variation of operating hours and does not propose any alterations to the existing access arrangements, parking provision or site layout.

The site benefits from an established lawful commercial use and is accessed from the A342 Andover Road. Whilst the proposal may result in a redistribution of vehicle movements across the week, the level of traffic associated with six hours of Sunday hand-washing activity is not considered likely to materially affect the safety or operation of the local highway network.

Any matters relating to noise, disturbance, or the impact of Sunday trading on residential amenity fall outside of the Highway Authority remit.

The Highway Authority therefore raises no objection to the proposed variation of condition.
