

Existing door and exact work boundary

Figure 3. Existing central C20 glazed door within the chamfered stone opening.

- Paint boundary: all currently pale-blue timber surfaces forming the hinged door leaf, including its panels, rails, stiles and the painted timber around and between the two glazed openings.
- Excluded: glass, brass knocker, handle, letter plate and other door furniture; house number; threshold; lantern; stone reveals; stone hood and brackets; adjoining masonry.
- No visible separate door frame is proposed in white or any other contrasting colour.
